

REVISED JOB DESCRIPTION

POST: Insurance Officer 1

SERVICE: Audit and Governance

SECTION: Insurance Service

BAND: Band 5

All Council posts are subject to National Joint Council {NJC} conditions of service.

The Council is committed to ensuring that its policies and procedures are consistent with Essex Safeguarding Children Board and Essex Safeguarding Vulnerable Adult Board guidance. This will help to minimise the risks to vulnerable groups, including children, and to ensure that the Council safeguards the health and well-being of its Service Users. Please note that the Council applies a robust recruitment vetting process.

MAIN PURPOSE

This is one of four posts (3.5 FTE) reporting to the Insurance Team Manager within the Audit and Governance Service.

The Service embraces a customer-focused approach to ensure the delivery of a quality Insurance service. The culture of the section is self-supportive, with many duties interchangeable in order to achieve deadlines at peak times.

GENERAL INFORMATION

The Insurance team provides a support service to all departments with the aim of minimising the Council's exposure to financial loss & liability. The team is responsible for developing & implementing an active operational risk management programme across all Council services and at all levels, coupled with the provision of appropriate insurance cover.

A significant part of the work of the team is affected by reforms to the Civil Justice System (the 'Woolf' reforms) which lay down strict time limits for filing defences and supplying supporting evidence. The deadlines are tight which means that significant cost can fall to the Council, including fines imposed by the court as well as compromising the Council's defences, if the right quality & quantity of work is not achieved in line with the statutory timetable.

The post holder will experience severe time pressure, not just externally from claimants solicitors, the Council's Insurers and the Courts, but internally in relation to obtaining co-operation from service managers.

The main duties of the Insurance Officer posts are to administer insurance policies, records and claims, and to process information on incidents involving real

or potential financial loss to the Council. They involve considerable contact with other Council departments, insurers, loss adjusters, solicitors and with members of the public, which can be in writing, by telephone and in person. The duties will involve computer input and analysis of claims information.

Whilst the job description is the same for each of the two Insurance Officer posts, the work attaching to each service area or insurance policy can be very different. The Insurance Team Leader allocates duties between the posts, which are interchangeable. There is also a need to cover certain work elsewhere in the section from time to time.
